

Kindergarten News

October 29, 2018

Dates

Tuesday, 10/30

- Naylor field trip (9:30-1:30)
- End of Quarter 1

Wednesday, 10/31

- Fall Celebration

Thursday, 11/1

- Visiting author
- Reflections submission deadline

Friday, 11/2

- PACK Assembly (12:45-1:30: gym)

Tuesday, 11/6

- 2-hour delay

We will finish our study of becoming play experts this week! Students will be making a new toy using their imagination and the materials sent in last week. They will reflect on what they learned about toys and playing with others. Students will interview someone in the other class to find out what classroom toy they prefer and how they like to play with that toy.

The core math group will be assessed on numbers 0-5 (counting objects in sets, drawing objects to show a number, and writing numbers). Then we will move on to numbers 6-10.

The enrichment math group will work on using counting to problem solve. They will figure out the difference between two numbers. They have been taught correct number formation for numbers 0-20. Mrs. Lockhart is still noticing some numbers written backwards. Please practice writing numbers at home.

As we wrap up quarter 1, your child should be able to identify and know the correct sounds for the following letters: **Aa, Tt, Hh, Pp, Cc, Nn, Mm, and Rr**. They should be able to read the following sight words: **I, if, the, in**.

Last day for rest time is Friday!

Parent Volunteers needed on Wednesday morning and Friday morning from 10-10:50am. Must be willing to follow steps to help students record themselves in Seesaw.

Timely Tidbits

- Please practice opening all packages/containers at home so that your child can open things independently.
- ALL WCPSS will operate on a **2-hour delay** on **November 6** due to elections.

How can you help support us at home?

- All students should be able to write their name with a capital letter at the beginning and the rest lowercase letters.
- In your child's daily folder, there is a page to practice letter fluency and another page to practice number fluency. You should time your child at least twice a week to see how many letters/numbers he/she can name correctly in one minute. The goal is to increase the number correct throughout the month.
- Please practice counting syllables in words and recognizing rhyming words with your child.

We do NOT celebrate Halloween at school. PLEASE DO NOT send your child in a costume!
