Self-Discipline.

Tuesday, 2/12

100th Day of School!

Wednesday, 2/13

Valentine Projects
due!

Book orders due.

Monday, 2/18

Teacher Workday!

This week students will begin a new study on Trees. We will be focusing on living and nonliving things.

The math core group will continue to practice making shapes using a variety of materials. We will also be practicing using positional words to tell where shapes are in the environment.

The enrichment math group will compare shapes using writing.

Spring Semester Field Trips

If you have not done so already, please complete and return the 2 permission slips sent home in last week's folder. The Science Made Fun field trip cost is \$8.00. The farm field trip is \$14.99. We are asking that you go ahead and pay for both field trips as soon as possible. Paying online is preferred. We appreciate your prompt attention to the forms and payments.

How can you help support us at home?

Please be sure that you are doing the fluency activities (in your child's purple folder) with your child at least 3 times per week.

Work on sight words daily with your child!

You should be reading with your child and letting your child read to you, daily.

Valentine's Day!

We will celebrate Valentine's Day on Thursday, February 14. Students should plan to bring 21 valentines, one for each student in the class, including them. **Only write who the card is from!** We **do not** write names on the front because it makes it harder for students to pass them out.

Reminder: Valentine boxes are due on February 13th!
